

CONSTRUCTION ALERT

US-66/B-40, Pine Springs
to Switzer Canyon Drive

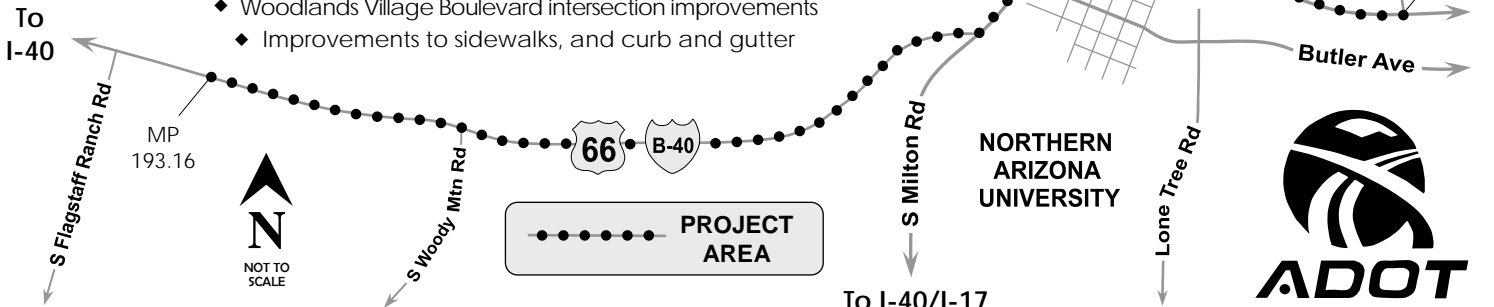

The Arizona Department of Transportation (ADOT) is working to improve US Route 66/Business 40 (US-66/B-40) between Pine Springs and Switzer Canyon Drive this summer. Work is scheduled to begin in late May 2008 and continue through October 2008. Nighttime lane restrictions will be in effect and speed in the construction zone will be reduced. Please use caution while driving through the work zone, and adhere to all reduced speed and traffic control signage. Law enforcement officers will be present and fines will be doubled.

ADOT will make every effort to keep members of the traveling public, local businesses, and residents informed of traffic impacts throughout this project. Impacts will be minimized by performing a majority of work between the hours of 9 p.m. to 6 a.m., Sunday through Thursday nights; however, minor delays can be expected. Some of the work adjacent to the existing roadway will be performed during daytime hours, and occasional daytime roadway restrictions and minor delays may occur. ADOT and the contractor thank you for your patience.

Project components include:

- ◆ Replacing the existing pavement with new asphalt
- ◆ Installing new guardrails
- ◆ Woodlands Village Boulevard intersection improvements
- ◆ Improvements to sidewalks, and curb and gutter
